### **Snack 2025/26**

Dear Parents/Carers,

We will be changing our process for ordering and paying for morning snack from September this year. This change of process will apply to all pupils, except those in our nursery class.

Snack orders and payment will be moving to ParentPay for September, with block orders required for each half term.

Toast and/or apple juice will be offered. Unfortunately, we will no longer be providing bacon sandwiches.

Payment and selection of orders will need to be made on ParentPay by the end of the day before the half term starts e.g. in September school commences on Wednesday 3<sup>rd</sup> September so ordering/payment will need to have been made by close of day on Tuesday 2<sup>nd</sup> September.

Prices for September will be confirmed later this term, when we have received the new prices from our catering provider. However, we expect the charges for the half term to be in the region of £10 for toast and £20 for juice. This will provide toast and/or juice every day for the half term and will need to be paid in advance. If your child is absent unfortunately we will be unable to refund money.

Healthy snacks can be bought in from home as an alternative and fruit is always available for nursery, reception, year1 and year2 pupils.

Text reminders will be sent as we start this new process but please be aware that if orders and payment are not received on time then we will not be able to provide snack for the following half term.

We will refund any excess snack funds in current classes from this half term in September but would appreciate your help in running these down, if applicable, for the rest of this term.

Kind regards,

Sara Wakefield  
School Business Manager
