27th April 2026

Dear Parents/Carers,

Today, school opened as expected and learning continued as normal. Thank you all for your positivity and communication on the gate today. Some children, as anticipated asked further questions which were responded to appropriately by my team.

I assured you all that I would keep communication lines open and provide updates if and when there were any. I have spoken to the Chief Inspector at Cheshire Constabulary and he has given some information that he would like me to share.

The conversation was reassuring, following reports of a man acting suspiciously outside of the school grounds on Friday. The police inform me that they have identified and located the man in question and they do not believe there was any targeting of the school and after their investigation, he is no longer a person of interest and poses no risk.

Officers, as promised will continue with their enquiries. Again, as already mentioned, there will be continued presence for reassurance and officers will continue to check in with school as they have done today. If there is any more information, I will continue to update you all.

Thank you once again for your continued support and do not hesitate to reach out should you need,

Kind regards

Mrs Callaghan
